Dear Provider:

The Georgia Department of Community Health, Division of Medical Assistance and EDS would like to welcome each newly enrolled provider to the Georgia Medicaid program. EDS is responsible for processing Medicaid claims for services rendered to Georgia recipients. It is crucial that newly enrolled providers and their staff receive the billing assistance necessary to ensure accurate claim submission and timely claim payments. EDS has a full time Provider Relations staff dedicated to serving the needs of the Georgia provider community.

Prior to billing the initial Medicaid claims, a newly enrolled provider is invited to attend a Medicaid billing workshop. EDS will conduct two newly enrolled provider workshops per month, one location outside of Atlanta (see below) and one at the EDS facility in Clarkston. The workshop conducted at EDS facility in Clarkston starts at 1:00 p.m. EDS' Provider Relations staff will review Medicaid eligibility, provide an overview of billing information and miscellaneous attachments relating to all Medicaid programs, and discuss remittance advice, adjustments and contacts for assistance. These workshops are expected to last approximately two to three hours.

EDS will be conducting a Newly Enrolled provider workshop on November 20, 2002 at the following location:

1:00 p.m.
Hughston Sports Medicine Foundation
(Auditorium)
6262 Veterans Parkway
Columbus, GA

If you are a newly enrolled provider and feel this would be beneficial to you and your billing staff, please mail or fax (404) 297-2281 this page to:
